

Company Environmental Policy Statement

It is the policy of this company to strive for environmental sustainability in all our business activities. We seek to achieve this by the implementation of an Environmental Management System (EMS). We will operate this EMS within the standards and requirements of ISO 14001 and in tandem with our Quality and Health and Safety policies.

As a company we recognise the social and ethical importance of environmental best practise and will strive to achieve continual improvement in identifying our environmental aspects, minimising any adverse impacts which may arise from them and the prevention of pollution.

The company will:-

- Comply with or exceed any legal or other requirements to which the company subscribes;
- Review purchasing practises at planned intervals;
- Ensure the responsible use of energy throughout our business, conserving where possible by managing, monitoring and improving energy consumption and efficiency on a regular basis to achieve a 10% drop in energy usage;
- Review internal operations, particularly including waste, emissions, transport and energy to ensure best use of resources;
- Conserve natural resources by re-using and recycling packaging and stationary materials;
- Reduce the creation of waste by adopting improved operating procedures;
- Ensure all waste and effluent is stored, transported and disposed of in a safe and responsible manner;
- Make all employees aware of this policy and their responsibilities for environmental issues;
- Make this policy publicly available along with our achievements set against our objectives as defined in our EMS;
- Review and update this policy on an annual basis, or more frequently if required.

The top management of the company are totally committed to this policy and will provide all necessary resources, education and training for all concerned in the operation of the company's EMS.

The M J Allen Group of Companies Environmental Management System (ISO 14001) forms part of our Integrated Management System which also includes ISO 9001 (Quality Management) and OHSAS 18001 (Occupational Health & Safety Management System)

Tim Allen
Group Managing Director
